

KINDOL TOP

NATURAL EMULSIFIED NEEM OIL AND ENZYMATIC GARLIC

BIOAGRONOMIC CHARACTERISTICS

KINDOL TOP is a product derived from an extract of fruits of Azadirachta Indica obtained by cold pressing of the seeds and plant extracts from liliaceae that activate a mechanism of repulsion by the plant against various factors that can hinder the optimal production of the same. Due to the multiple antiviral, antibacterial, etc. properties it presents, Azadirachta Indica oil can be applied as an adjuvant in root and foliar applications, making the product suitable for the protection of the plant species from biotic adversities, reducing multiple problems.
